Education

Galgotias University

Bachelor of Technology in Computer Science and Engineering
GPA: 7.2/10

Greater Noida, UP
Aug. 2021 – July 2025

Experience

Web Development Intern – IBM SkillBuild Program

IBM SkillBuild Program

- Built and deployed responsive web applications using HTML, CSS, JavaScript, and Bootstrap.
- Developed projects focused on frontend design, UI/UX principles, responsive layouts, and cross-browser compatibility.
- Used GitHub for version control and collaboration within a professional development workflow.
- Earned IBM SkillBuild certifications in Web Development and Agile Practices.

Projects

Deblo – AI Healthcare Assistant

Next.js, PostgreSQL, Gemini 2.5, Drizzle ORM

Deblo.com

- Built a full-stack AI healthcare assistant with PostgreSQL and Drizzle ORM, enabling voice/text consultations, medical report generation, doctor recommendations, and feature enhancements based on feedback from 50+ users.
- Integrated OpenAI for NLP and Gemini 2.5 Flash to auto-generate 150+ medical reports and enabled 75+ real-time voice consultations through Vapi.ai and AssemblyAI for seamless intelligent healthcare experiences.
- Architected scalable RESTful APIs with Drizzle ORM and Neon PostgreSQL to manage 100+ medical sessions, notes, and billing; visualized analytics using Recharts and deployed a timeline dashboard.

SanFi – Solana-Powered Payment Gateway

React.js, Django, PayPal SDK, Solana

Sanfi

- Built a decentralized payment gateway enabling Solana payments while merchants received instant fiat payouts through PayPal SDK.
- Developed a full-stack application using React.js and Django, integrating secure crypto-to-fiat payment workflows.
- Integrated Phantom Wallet and implemented one-click checkout for fast, secure blockchain-based payments.

Technical Skills

Languages: JavaScript, Python, SQL

Technologies: React.js, Next.js, Redux, Bootstrap, GSAP, React Native, Node.js, Express.js

Datastores: PostgreSQL, MongoDB, GraphQL

Tools/Platforms: Git, Docker, AWS EC2, Postman, VS Code, MongoDB Compass

Achievements

- Participated in Smart India Hackathon (SIH) and contributed to real-world, time-bound solution development.
- Collaborated in team-based project design and implementation.
